BIOGRAPHY

Combining the voices of Chicago native rock n' roll singer-songwriter Shannon Richardson and Hong Kong raised classically trained musician Yuen-Yee Richardson, **Adjacent Cruise** aims to bring differences together and create something beautifully unique in its own way. The group often collaborates with local musicians with different backgrounds and musical styles. Actively performing since 2016, Adjacent Cruise has since released its 20-track debut album "Light as a Feather, Heavy like the Sun" in late 2019 and received several enthusiastic reviews.
